### Business Organization Quietly and Unostentatiously

LAUNCHED BY HALF A HUNDRED  
HUSTLERS—GOOD ROADS CIVIC  
AND COMMERCIAL BOOSTERS

The Celina Business Association, an organization of more than half a hundred of the most prominent business men of this city, is now in the process of being organized. The organization was first formed early in January for the purpose of pushing the good roads movement in and adjacent to this city. The organizers worked quietly, but effectively and the membership grew, until on February 4, last it was merged into a capitalized corporation, chartered under the laws of the state of Ohio.

The first set of officers chosen to look after the association's welfare are: J. W. Deach, president; J. H. Winkelman, first vice president; A. M. Riley, second vice president; Mark Beckman, secretary; O. Hentzsch, treasurer.

The association was formed for the purpose of promoting and advancing in every way the social, civic and commercial interests of Celina and Mercer County, Ohio, and to secure the active co-operation of all classes of citizens of Celina and Mercer County, Ohio in the accomplishment of said purpose.

### HARDWARE AND IMPLEMENT DEALERS HAVE MEETING

Every hardware and implement concern in the county were represented at a meeting of County hardware and implement dealers held at the city hall yesterday afternoon with members of the Auglaize County Hardware and Implement Dealer's Club. The meeting was addressed by Secretary Carson of the Ohio State Hardware Association, by several members of the Auglaize County Hardware and Implement Dealer's Club, and by several representatives of implement manufacturers.

Mr. Zura Riley, of the Riley & Nickel Hardware Company, of this city, one of the local live wires said last evening that the purpose of such a club as was organized in Auglaize county, and which he hoped to see organized in this county in the very near future was not a price raising movement, or a plan to hold up buyers of hardware and farmer's implements, but an organization to promote the interest of and to secure the friendly co-operation of retail hardware and implement dealers. The organization meetings would permit of closer relations of dealers, valuable addresses from hardware implement manufacturers and the exchange of ideas between the dealers. The gathering, Mr. Riley said, would be something on the order of the hardware and implement dealers of the county, and would be a city in the near future looking towards the forming of a club in this county. The establishment of such a county organization will be considered.

Mrs. Philip Gardner, of Onondaga, noticed the big egg production of Mrs. Miller's hens in these columns as copied from the Ft. Recovery Tribune recently, and thinks she has the right to the ribbon now. She says: "I think I can beat that, as from January 12 to February 12 I got 247 eggs from 14 hens. I didn't have quite one egg a day, but I had many hens as Mrs. Miller had, and I would have had as many eggs as she did should gotten 300 eggs to her 673, in the same proportion."

## FATAL

### Accident Baffles Well Known Washington Tp. Farmer

SUPPOSED TO HAVE FALLEN FROM  
ATTIC, DISCHARGING SHOT-GUN  
STANDING NEAR STAIRS

Jacob Loshe, aged 48 years, residing in Washington township, just east of Macon, was accidentally killed by the discharge of a shot gun about eight o'clock, last Tuesday morning.

Mr. Loshe, his wife and the latter's brother, Albert Borne, of near St. Peter, were working in the barn, when the former left to go into the house for a screen to clean some suits.

It is presumed he went into the attic after the screen and was descending the stairs when he fell, in some manner discharging the gun, which was kept standing on the stairway.

Mrs. Loshe and Mr. Borne heard the shot and ran to the house, where they found Mr. Loshe at the foot of the stairs, with a gaping gunshot wound in the left side of his breast just below the heart. The gun lay on the floor a few feet from the body, as did the screen, which he went to the house to obtain. A physician was hurriedly summoned but to no avail, the injured man passing away an hour later, without regaining consciousness.

Justice of the Peace James Jeffries was called as acting coroner and pronounced death due to accidental shooting.

Mr. Loshe is survived by his wife and a number of relatives. Misses Carrie and Josephine Borne, sisters-in-law, employed as domestics in this city, where apprised of the death and went to their home near St. Peter, Wednesday to attend the funeral services which were held at St. Peter's Catholic Church at nine o'clock yesterday morning.

## HAWKS

### Claim They Were Misrepresented in Public Prints

AS TO PART THEY PLAYED IN SENATIONAL SHOOTING AFFRAY AT ROCKFORD LAST WEEK

The old adage of there being two sides to every question seems to be upheld again in connection with the shooting scrape in Rockford, a week ago last Wednesday, resulting in the arrest of one, Charles Mallow, a charge of shooting with intent to kill being filed against him by A. J. Hawk.

Mr. Hawk, Jr., made The Democrat a call on Saturday, very hot under the collar regarding the story given in this paper last week.

His side of the affair runs as follows: The Hawks and Mallow sometime ago had some land transactions and after all deals had been closed, it seems Mallow was not satisfied with the trade. After thinking over the matter for some time he decided to obtain the papers binding the bargain. Under this impulse he went to a business man in Rockford, intrusted with the notes in the case, and asked to see them. Upon being shown the notes he grabbed them and started to the office of A. J. Hawk, to obtain the signed contracts in the same manner. Mr. Hawk, however, not handing over the contracts, for inspection, as requested, Mallow drew a revolver and fired several shots at Hawk's son-in-law, Wm. Berry, who not liking the idea of being shot at, pounced upon Mallow and threw him to the floor, holding him there until the gun was taken from him.

Mr. Hawk claims Mallow purchased the revolver that same day and he feels that the case was a premeditated murder on the part of Mallow.

In last week's issue you have Mallow's version of the affair. Here you have what Hawk and Son have to say. Draw your own conclusions.

### KING OF SPAIN BUYS AN OVERLAND

In a recent shipment from the Willys-Overland Company's Toledo plant, particular interest attached itself to a stout packing box marked as follows:

Per S. S. Antonio Lopez  
Compania Transatlantica  
S. M. El Rey Don Alfonso XIII.  
Palacio Real, Madrid.

This case contained a Model 54 Willys-Knight stock touring car, such as can be seen on local streets any day in the year, yet this particular car is stowed out to be the first American made Knight Motored automobile actually purchased for personal use by an European monarch.

The motor used on this car is of the Knight type, a sleeve valve motor that is exceedingly popular abroad and used in practically all of the fine cars of European manufacture.

Cars of this sort sell for several thousand dollars in Europe and with closed bodies as high as \$5000.

### HEEL AND TOEING

IT ACROSS CONTINENT WALKING BACKWARD, TO WIN GOOD SIZED WAGER

John M. Hale of Center township, while in town last Saturday attending a meeting of the Deputy State Supervisors of Elections, of which he is chief, gave us a pleasant call and told of his interview with Napoleon on last Friday with Patrick Harmon, and his traveling companion, the former of whom is walking backwards from San Francisco to New York City.

From Napoleon Harmon purrude his way westward. He walks by means of a looking glass fastened in front of him which enables him to see the path behind him. He left San Francisco August 2, 1915 to cover the route of 2,900 miles with a schedule of 15 miles a day. The trip is to be completed in 200 days. Harmon says the easiest part of his journey is now to come the highest mountains having been passed with the Rockies.

Mr. Hawk claims Mallow purchased the revolver that same day and he feels that the case was a premeditated murder on the part of Mallow.

In last week's issue you have Mallow's version of the affair. Here you have what Hawk and Son have to say. Draw your own conclusions.
